CAREER OBJECTIVE

Focused Computer Science and Engineering major (4.2 GPA) currently attending JECRC University, with 1+ years of work experience. Aiming to leverage a proven knowledge of web platform development, web page content, and web design skills to successfully fill the Web Designer role at your company. Frequently praised as proactive by my peers, I can be relied upon to help your company achieve its goals.

EXPERIENCE

WEB DESIGNER

SIEL (Sawan Institute of English Language), Jaipur, Rajasthan / Sep 2019 - Feb 2020

- Design, build, or maintain web sites, using authoring or scripting languages, content creation tools, management tools, and digital media.
- Develop databases that support web applications and web sites.
- Develop and document style guidelines for web site content.
- Respond to user email inquiries, or set up automated systems to send responses.
- Write supporting code for web applications or web sites.
- Perform web site tests according to planned schedules, or after any web site or product revisions.

WEB DESIGNER

Sawan's Home for Princess, Jaipur, Rajasthan / Mar 2018 - Oct 2018

- Write, design, or edit web page content, or direct others producing content.
- Back up files from web sites to local directories for instant recovery in case of problems.
- Develop or validate test routines and schedules to ensure that test cases mimic external interfaces and address all browser and device types.
- Renew domain name registrations.
- Write supporting code for web applications or web sites.
- Respond to user email inquiries, or set up automated systems to send responses.
- Develop and document style guidelines for web site content.
